DETAILED ACTION

Priority

1. Applicant has not complied with one or more conditions for receiving the benefit of an earlier filing date under 35 U.S.C. 120 as follows:

This application is claiming the benefit of a prior filed nonprovisional application under 35 U.S.C. 120, 121, or 365(c). Copendency between the current application and the prior application is required. Also the filing date of this application, 7/10/2001, is more than 30 months after the filing date, 11/24/1998, of the earliest filed application the PCT/AU99/01047 claims priority to, so this application and the PCT/AU99/01047 are not copending either.

2. Acknowledgment is made of applicant's claim for priority under 35 U.S.C. 119(a)-(d) based upon an application filed in Australia on 11/24/1998. A claim for priority under 35 U.S.C. 119(a)-(d) cannot be based on said application, since the United States application was filed more than twelve months thereafter.

Drawings

3. The proposed drawing correction and/or the proposed substitute sheets of drawings, filed on 1/6/2003 have been approved. A proper drawing correction or corrected drawings are required in reply to the Office action to avoid abandonment of the application. The correction to the drawings will not be held in abeyance.

Claim Rejections - 35 USC § 102

4. The following is a quotation of the appropriate paragraphs of 35 U.S.C. 102 that form the basis for the rejections under this section made in this Office action:

A person shall be entitled to a patent unless –

(b) the invention was patented or described in a printed publication in this or a foreign country or in public use or on sale in this country, more than one year prior to the date of application for patent in the United States.

5. Claims 1-61 are rejected under 35 U.S.C. 102(b) as being clearly anticipated by Bennett et al. (WO 00/30727).

Conclusion

6. The prior art made of record and not relied upon is considered pertinent to applicant's disclosure. Tracy (US 6,296,568) discloses a video display pyramidal game board having ball and pins.
